**Mr Steven H Gunderson
Rocky Flats Cleanup Agreement Project Coordinator
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80246-1530**

Dear Mr. Gunderson

Please find enclosed a completed Rocky Flats Cleanup Agreement Standard Operating Protocol (RSOP) for Component Removal Notification Form for Buildings 569 and 570 including the closure of RCRA Unit 59. In accordance with the Component Removal RSOP, this letter and its enclosure are notification for RSOP implementation.

While the RSOP is being invoked by this letter and the Reconnaissance Level Characterization Report (RLCR) was submitted as a type 1 building, the RLCR was premature due to the Rocky Flats Environmental Technology Site not yet having closed the Resource Conservation and Recovery Act Unit. The RLCR was submitted by Department of Energy letter 03-DOE-00594 dated May 29, 2003.

Kaiser-Hill Company, LLC, or a subcontractor will conduct the work. The exact methods and process selection will be communicated with the Colorado Department of Public Health and Environment (CDPHE) through an active consultation process including meetings. If alternate methods to those delineated in the RSOP are planned, an additional notification will be made. The building shell, including the floor, will not be breached during component removal activities unless specifically approved by CDPHE. Questions may be directed to Steve Tower at (303) 966-2133.

Sincerely,

Ind. C. Figure
